FOR IMMEDIATE RELEASE

Women's Health Services Now Offered in One Location

Pictured L to R: Dr. Brian Jolitz and Dr. Todd Slater

August 26, 2019- Hillsboro, Ohio – Highland Gynecology & Obstetrics, led by Dr. Brian Jolitz is relocating to the North High Business Center, to work collaboratively with Physicians for Women & Highland Health Providers. Both practices have served Highland County and the surrounding community for many years, and are excited to bring expert women's health services to one convenient location. "These physicians are mainstays in our community and to our patients. We are pleased to combine their medical expertise and exceptional, patient-centered approach under one roof," stated Amanda Warix, Executive Director of Highland Health Providers. Dr. Slater and Dr. Jolitz will both be accepting new patients and are prepared to seamlessly continue care to those established patients, as Dr. Forbes exits the practice. Dr. Jolitz will begin seeing patients at the Highland Health Providers Physicians for Women location beginning Monday, September 16, 2019, which is located at the North High Business Center at 1487 North High St., Suite 102, Hillsboro. You may call 937.393.3406 to schedule an appointment. All previously scheduled appointments with Dr. Jolitz at his former location will remain unchanged during this transition.
